Anticoagulant Citrate Dextrose USP Formula A 1000 mL Product Lot Clarification

Dear Valued Customer,

Fresenius Kabi Product Code	DIN	Product Description
C4B7891X	00788139	Anticoagulant Citrate Dextrose USP Formula A 1000 mL

Regarding the above-listed product, Fresenius Kabi would like to inform you that **lot Y457965 exp 2026/02** is labelled as sub-lot "**Y457965A**" on the outer shipping carton and labelled as "**Y457965**" on the bag label. The addition of the "A" suffix is added by the product supplier as a method of segregation for various manufacturing needs.

We trust that this clarification is helpful for addressing any implications on your inventory management and tracking at your organization. In the event that Fresenius Kabi Canada needs to provide additional future product communication specific to this lot, that communication will provide clear guidance on sub-lot implication, if any.

If you have any questions or concerns, please do not hesitate to contact myself.

Sincerely,

Lucy Chen
Sr Marketing Manager, MedTech
Fresenius Kabi Canada
